THEREOF

REPLACEMENT TERMINAL DISCLAIMER

Mail Stop Amendment

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

This Replacement Terminal Disclaimer replaces the Terminal Disclaimer filed on February 1, 2010 that incorrectly indicated the target patent as "6,638,817" instead of --6,638,317--. As set forth in MPEP 1490 "Once a correct replacement terminal disclaimer is received . . . the second terminal disclaimer replaces the first terminal disclaimer, and the first terminal disclaimer is thus void."

INTEREST AND TITLE OF PERSON MAKING THIS TERMINAL DISCLAIMER

I, Paul W. Bobowiec, represent that I am an attorney of record for this application and am authorized to sign on behalf of the Assignee.

IDENTITY OF ASSIGNEE

The Assignee is Fujitsu Limited, a corporation organized and existing under the laws of Japan, and having its office and principal place of business at 1-1, Kamikodanaka, 4-chome, Nakahara-ku, Kawasaki-shi, Kanagawa 211-8588.

Pursuant to Rule 3.73(b), the Assignee is the current owner of the subject application pursuant to the Assignment identified below.

RECORD OF ASSIGNMENT IN PTO

The assignment of the above-referenced application was recorded on December 12, 2001 at Reel 011841, Frame 0480.

COMMON OWNERSHIP OF U.S. PATENT NO. 6,638,317

Pursuant to Rule 3.73(b), Fujitsu Limited is the current owner of the subject application pursuant to the Assignment identified above and confirms further that it remains the owner of U.S. Patent No. 6,638,317.

A Petition was separately February 1, 2010 with the Commissioner to correct the record for U.S. Patent No. 6,638,317 to expunge an incorrect conveyance that was erroneously submitted by Mirror Worlds Technologies, Inc., a company that does not appear to have an active principal place of business nor a correspondent that is registered with the USPTO.

CERTIFICATION OF TITLE

The evidentiary documents have been reviewed and the undersigned certifies that, to the best of said Assignee's knowledge and belief, title to the subject application and U.S. Patent No. 6,638,317 is in the said Assignee, Fujitsu Limited.

TERMINAL DISCLAIMER

Assignee hereby disclaims the terminal part of any patent granted on the subject application which would extend beyond the expiration date of U.S. Patent No. 6,638,317, and hereby agrees that any patent so granted on the subject application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to U.S. Patent No. 6,638,317, the agreement to run with any patent granted on the subject application and to be binding upon the grantee, its successors or assigns.

Assignee does not disclaim any terminal part of any patent granted on the subject application prior to the expiration date of the full statutory term as defined in 35 USC 154 to 156 and 173 of U.S. Patent No. 6,638,317 as shortened by any terminal disclaimer, in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321(a), has all claims canceled by a re-examination certificate, is reissued, or is otherwise terminated prior to the expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

The undersigned hereby declares that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

FEE

A fee of \$140.00 was previously assessed for the first terminal disclaimer on February 1, 2010. As set forth in MPEP 1490, a "second terminal disclaimer fee should not be assessed/charged, the first fee is applied to the second terminal disclaimer."

If there are any additional fees associated with filing this Terminal Disclaimer, please charge them to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
